Life Made Sweeter

*Let us do
the baking*

We specialize in creating unforgettable desserts for food-focused establishments.

Handmade with Heart

It all started in 1981 when our founder Valerie Wilson aspired to create the perfect cheesecake. Out of her home kitchen and with little more than a stand mixer and a dream, our flagship product, the Original Cheesecake, was born. Word spread, and soon area restaurants were lining up to serve Valerie's dreamy confections.

Decades later, Tennessee Cheesecake is now the go-to provider for a full array of iconic desserts – both ready-made and custom-made – for restaurant and food service businesses across North America. The bakery remains family-owned and operated, and Valerie's son Will has now joined her at the helm. Together, the mother-son team continues the vision that inspired Valerie from the beginning: create a place for awesome people to do great work, and to produce legendary desserts that elevate menus across the country.
